

FULTON COUNTY PURCHASING DEPARTMENT

Mr. Jerome Noble
Director

ADDENDUM #1
BID # 06ITB47363YB
Desktop PC Workstations
Fulton County, Georgia

October 27, 2005

Dear Vendors:

This addendum is in reference to Invitation to Bid Number 06ITB47363YB, for furnishing the Fulton County Information Technology Department with desktop pc workstations.

This addendum is for the purpose of answering questions from interested vendors:

1. Can I allow Dell Inc work the three years of on-site, next business day response services?

The 3 years can be provided however the vendor is able to provide it, but it must be included in the cost so the County can maintain the unit without any additional costs for 3 years.

2. What do they mean by PC Manufacturer must be ISO-9001 certified?

ISO-9001 Certification refers to (International Standards for Organization) which verifies the manufacturing follows certain international standards.

3 What type of network management tools they're referring to? (Win NT 2003?)

The tools below must be included on the image so that we do not have to worry about installing them ourselves, but they must be present--

1) These tools must also include the following:

- a. Advanced Power Management
- b. Advanced Configuration and Power Interface (ACPI)
- c. System Management BIOS
- d. Remote system alerts
- e. Remote BIOS flash
- f. Remote BIOS configuration
- g. Remote wake-up

4. If I contract all my employees through Temporary Service, would that exclude me from the employer's liability insurance portion of bid? The temporary service provides all insurance on their employees.

The firm awarded the contract is required to comply with the County's Insurance Requirements. In the scenario described, this vendor would be required to show evidence of Workers' Compensation and Employers Liability coverage.

Would it also exclude my company from Equal Business Opportunity Plan portion of the bid also?

Fulton County strongly encourages the utilization of subcontractors and/or M/FBEs when every possible. The prime contract has to submit an Equal Business Opportunity Plan.

Do I have to put bond money up?

No, there is no bond required.

5. Is the 3 ½ (1.44) Floppy drive a requirement or an option on the Desktop Computer configuration? I did notice the "required minimum specifications" sheet, but just wanted to make sure.

The floppy drive is listed in the specifications section, therefore it is a requirement.

Note: If you have already submitted your bid response and you do not wish to make any changes, you may return this addendum only.

The undersigned bidder acknowledges receipt of this addendum by returning a signed copy by the due date and time. Failure to return a signed copy of this addendum could render your bid non-responsive.

Except as provided herein, all other terms and conditions in the bid referenced above remain unchanged and in full force and effect.

Cordially,

Brian Richmond

Assistant Purchasing Agent
